

COMMERCIAL CLUB  
HOLD INTERESTING  
BUSINESS MEETING

The Commercial club met in the club rooms, Friday night, March 18th, with a good crowd in attendance. The meeting had been postponed from Thursday night on account of other public gatherings held that night. The club members passed a resolution asking that the people of the town try to arrange public gatherings on other nights than Thursday night, as they seriously interfere with the club meetings.

C. M. Beck presented a petition signed by himself and others, which the club endorsed, asking the county to appropriate \$500 to repair the Utah Lake road south of town. John Hunter and C. M. Beck were appointed as a special committee to meet with the commissioners on the proposition.

The meeting was then turned over to Dana Parkinson, the forest supervisor, and Mr. Lorenzo of Salt Lake. Mr. Lorenzo showed pictures on a screen in natural colors of mountains in Utah and Colorado, including American Fork canyon views. He stated that American Fork canyon was as beautiful and picturesque as any, and urged the completion of the road up South Fork to Community Flat.

Mr. Parkinson spoke on the summer camp in the mountains and stated that several Salt Lake organizations were expecting to spend their summer vacation this year in American Fork canyon, and also urged the Commercial club to see that a road is completed to Community Flat.

The club voted thanks to the Salt Lake visitors for their splendid talks and entertainment.

A motion carried that the advertising committee place suitable signs commencing at our Main Street and going up the canyon as far as Community Flat, bearing suitable inscriptions of direction.

The Timpanogos committee was instructed to continue their labors boosting the trail and camp this summer and to petition the county commissioners for the completion of the road to Community Flat.

A special committee of three, consisting of B. S. Kershaw, James T. Gardner and Thos. Coddington to confer with Gov. Mabey and secure the National guard tents to be left at Community Flat all summer for the use of summer tourists.

A motion carried that a baseball rally be started in the near future to interest the townspeople in baseball for the coming season.

A motion carried that the Commercial club would haul the equipment of the Utah Art School free of charge up American Fork canyon where the school will be held this summer.

Several new members joined the club and much enthusiasm is being shown.

"HEART DAY"

"Heart Day" will be observed in American Fork today, March 26th, in the Commercial club rooms.

The object of this society is to provide homes, food and clothing for unfortunate children, who are very much in need of the necessities of life. The small red hearts, which will be sold at 10 cents each.

Mrs. J. H. Stilwell of the association, with a local committee has the matter in hand, and everyone is expected today to purchase at least one Red Heart and as many more as you can afford.

SOUND  
FINANCIAL ADVICE

Nearly every man has his specialty. You have yours—we have ours.

Ours happens to be the banking business.

To make ourselves an asset to American Fork, we must keep ourselves in touch with all matters pertaining to the successful operation of business.

Maybe our advice on the subject that is perplexing you would be of value.

Our invitation is cordial—come in.

OLD RELIABLE

PASSENGER FARE IN-  
CREASED ON OREM LINE

The Public Utilities Commission have authorized the Salt Lake & Utah R. R. Co. to increase its passenger fares, effective March 26th, 1921, as follows:

One way fare from 3c to 3.5c per mile.

Round trip fare to 180 per cent of the one way fare.

One thousand (1000) mile, mileage book from \$22.50 to \$25.00. (War tax not included in any of the above items.)

Commutation and school tickets will not be increased.

The operating expenses and the high prices of materials brought about a condition similar to that of the steam line railroads in Utah, which lines have received substantial increases in passenger fares since 1918, whereas the Orem Line was not permitted to advance its passenger fares since 1914, except slight increases on round trip fares and mileage books, which increases amount to about 8 per cent and were made effective in January 1920.

The Orem Line furnishes superior passenger service to the communities which it serves and in order to maintain this high class service it was necessary to seek additional earnings. The Orem Line is a Utah institution and the stockholders and management wish to advise that with these increased fares it will be made possible to continue maintaining the high class service, which has been inaugurated since the beginning of its operations.

Want County Road  
Rebuilt to Lake

Provo, March 21—Dr. J. F. Noyes of American Fork presented a petition to the county commissioners today seeking to have the county road repaired and rebuilt from American Fork to the lake resort. The matter was referred to Commissioner James T. Gardner for investigation.

A petition from Thistle, which had been sent to the state road commission and forwarded to Utah county was presented, asking that the road at that point be repaired at once before it slides down onto the railroad tracks. Commissioner Joseph Reece stated that the last thing the commission did last fall was to gravel and repair this road and added that it should be in good condition. Much other routine business was transacted.

JUNIOR PROM

The annual Junior Prom of the American Fork High School is being held Friday night as we go to press. The prom is always the biggest of the social events of the high school. The Juniors, together with members of other classes, have been working very hard the past week decorating the Apollo hall.

The dainty combination of pink and white is used as the color scheme. Very clever booths have been constructed in each of the four corners by the several classes of the High School. The scheme of the prom is entirely spring time, with a profusion of peach blossoms everywhere. The ceiling is beautifully covered with twisted crepe from which hang baskets of pretty flowers.

The soft toned lighting effect will offset the many exquisite gowns which will be worn.

The Juniors will serve punch from their booth, which represents an Oriental garden.

The decorating has been under the direction of Linford Werner, president

of the Junior class and Miss May Wilcox, chairman of the decorating committee.

BASEBALL NOTES

The Mayor and members of the baseball team, together with several interested fans, met at the City hall Saturday night to make final arrangements in regards to the base ball team for the coming season. All members for last year's team were signed up. It is expected that Otto Burke, who has accepted a position as deputy sheriff at Provo, will be able to play with the team this year, at least he has signed up with our team and will be able to play with no other.

Plans were discussed and decided upon for the big base ball rally which was held on Main street Wednesday night.

Quarterly Dividend

The Bank of American Fork directors held a meeting Thursday night and declared the usual quarterly dividend of 2 per cent.

Amusement  
Notes

The newest addition to the ever-increasing ranks of the motion picture stars is William Faversham, for many years one of the most distinguished actors of the English-speaking stage, who makes his appearance in "The Man Who Lost Himself," the first of a series of Selznick Pictures featuring this famous player.

"The Man Who Lost Himself," from a book by H. de Vere Stacpoole, will be shown at the Realart Monday and Tuesday.

"Silent Madden," once a crook of national notoriety, has listened to the teaching of his friend, Chang Lo—a "heathen" to whom religion is more than statute-book laws—and reformed. With him, in respectability, lives his daughter, Molly Madden, whose wisdom is worldly, but whose heart is as pure and hard as a diamond. She is "Silky Moll," to all Chinatown, but quizzical Chang Lo calls her "The White Lily."

Respectability annoys Madden's former lieutenant, "Black Mike" Silva, now the uncrowned king of Crookdom, whose lingo does not include the word "honor." Black Mike stages a gang fight for the sole purpose of "getting" Madden, and failing to kill him, gets him railroaded to prison for the alleged shooting of an officer.

Honesty has been irksome to Silky Moll and now she resolves to revenge her father's imprisonment, in which she does not suspect Black Mike Silva's hand. Silva plans a crime daring enough to appeal to Silky Moll and induces Big Bill Ballard to do the job with her and then betray her to the police and skip out with the loot, a \$50,000 necklace.

For the development and climax of the story see "Outside the Law," the Universal-Jewel feature, starring Priscilla Dean and produced by Tod Browning, which will be seen at the Realart next Thursday, Friday and Saturday. Matinee Saturday only.

Bank Hold Directors' Meeting

The directors of the People's State Bank of American Fork held their regular quarterly meeting Wednesday evening, at which the regular quarterly dividend of 2 per cent was declared, payable at once.

Organization of the  
Daughters of the Pioneers

The social service meeting held in the basement of the tabernacle Tuesday afternoon was well attended and thoroughly enjoyed. Dr. P. M. Kelly lectured on sanitation and the value of reporting disease so as to protect your neighbors. Mesdames Farnsworth, Foote and Cheever of Provo were present and helped effect an organization of the Daughters of the Pioneers. The following are the officers of the organization:

President—Jane Robinson.  
Secretary—Lizzie Nielsen.  
Registrar—Nora Ingersoll.  
Historian—Emma Smith.  
Chaplain—Rachael Hunter.  
Chorister—Lyle Grant.  
Organist—Alice Stice.

A demonstration of dress forms was held. Mrs. E. S. Poulson is chairman of this work and all ladies desiring to make a dress form should consult Mrs. Poulson.

Old Folks of Highland  
Enjoy Themselves

The old folks entertainment at Highland was a success in every way and proved to be a hilarious good time for all. Sixty-seven of the "old folks" were seated to a delicious hot dinner at noon and enjoyed the jokes and stories told by Pres. Chipman and John Hunter. After the dinner, a splendid program was given and in the evening a drama entitled "Lighthouse Nan" was given with specialties by a male quartette composed of Bp. Wayne Booth, C. E. Watson, A. J. Graham and Mr. Reese, and also a monologue by Mrs. A. J. Graham.

9-Weeks-Old Baby Dies

Howard Rulon, the 9-weeks-old infant son of Mr. and Mrs. Rulon Gray, died Tuesday morning at 10:30 at the home of its grandparents, Mr. and Mrs. Geo. Nicholes. Mrs. Gray was formerly Miss Marie Nicholes. The child had been ill for some time with bronchial pneumonia which caused its death.

The funeral services are being held Friday from the Nicholes home at 2 p. m. as we go to press, with Bishop Jos. H. Storrs in charge.

The practice of thrift does not mean that kiddies cannot run and romp.

Certainly it is hard on shoes—but a hole in the sole does not necessarily mean a new pair of shoes.

Bring 'em to our footwear hospital. We will mend them and give them new life.

Out of School Activities

ALPINE SCHOOL DISTRICT

"American Education is rapidly forsaking a theoretical attitude and is becoming a practical instrument for efficient living."

In keeping with the spirit of the times and in response to our best judgement we are presenting to the patrons for their approval a program of Out-of-School-Activities, which we feel will do much to help solve some of our most difficult problems. The whole program is in the direction of training to do, of expression. We have been teaching and preaching in the past. If we would succeed we must follow up our teaching to the point that it expresses itself in activity and note the character of the expression. The character of the activity following the teaching should determine in the future the value of the instruction. For some years past the Vocational work of over five hundred boys and girls of our district has been directed by our summer workers. The work has been very successful from an educational point of view. The boys and girls who have accepted the assistance of the Vocational Directors are the leading young men and women of the community. We propose now to begin a full program of activities to be carried on during the entire year. While school is in session the activity program of the students will be under the direction of the regular teachers. During the summer months the program will be carried on by about ten teachers. The matter of expense is a point of special interest to all of us. Last year, as well as this, there is money set aside by the National and State Government for this purpose. Last year we received \$2,650 for this purpose. This year we have the privilege of receiving from the same source \$3,700. Shall we accept the money and do our best to lead in working out this problem, or shall we let the means go elsewhere?

At present we propose to supervise the students of the eighth, ninth, tenth and eleventh grades in Out-of-School-Activities. A program of these activities will be placed in each home and the patrons will be asked to assist their children in these grades to select the activities that can be followed to best advantage.

In the past the requirement for graduation from High School has been 16 units of credits. In the future the requirement will be as follows:

1922—16 units and 70 points.  
1923—16 units and 140 points.  
1924—16 units and 210 points.  
1925—16 units and 280 points.

Students may select from the following list of activities a maximum of 100 points. 70 points are required for each year.

VOCATIONAL.

I—General Care of the Home—  
1. Meal preparation ..... 5 to 15 points  
2. Care of children ..... 5 to 15 points  
3. General house work ..... 5 to 15 points  
4. Canning ..... 5 to 15 points  
5. Baking ..... 5 to 15 points  
(Points will be given only when credit is not given.)

II—Farm Mechanics—

1. Farm buildings—(a) Construc-

tion; (b) Remodeling; (c) Repairing ..... 5 to 30 points  
2. Farm equipment, a, b, c ..... 5 to 30 points  
3. Painting and finishing ..... 5 to 15 points  
4. Auto mechanics ..... 5 to 15 points  
5. Cement work ..... 5 to 15 points  
6. Plumbing ..... 5 to 15 points  
7. Mechanical drawing ..... 5 to 15 points  
8. Leather work ..... 5 to 15 points  
(Points will be given only when credit is not given.)

III—Gardening—

1. Vegetable ..... 5 to 15 points  
2. Flower ..... 5 to 15 points  
(Points will be given only when credit is not given.)

IV—Earning and Budgeting—

Keeping strict account of earnings, savings and expenditures ..... 5 to 30 points

HEALTH

I. Doing 75 per cent or more of the Crusaders Chores ..... 5 to 20 points
